

TREVOR LAWRENCE, JR.

PROFESSIONAL PROFILE

Trevor Lawrence Jr. is a multi-Grammy-winning drummer, producer, composer, music director, educator, inventor, and creative technologist with over 30 years of experience in the music business. His work spans recorded music, film, television, live performance, sound design, software development, and creator-focused media. In addition to contributing to major recordings, global tours, award-winning projects, and culture-shaping collaborations, Lawrence is the founder of the **TrevBeats Multimedia** creator-tech ecosystem, which includes The TrevBeats Show, proprietary iOS applications, web platforms, creator tools, music technology products, and educational publications for musicians, producers, developers, and independent creators.

Music Industry Studies

2016 **University of Alabama, Birmingham, School of Music**
Music Business and General Success as it Relates to a Career in Music

Founder / Developer – TrevBeats Multimedia LLC

Creator and developer of a growing software and creator-technology ecosystem spanning 17 published iOS apps and web platforms, including tools for musicians, producers, creators, developers, music-business professionals, and direct-to-audience media communities.

Proprietary Platform Ecosystem

- The TrevBeats App – iOS hub for The TrevBeats Show, live show streaming, merch, community engagement, livestream alerts, and direct audience connection.
- trevbeatsmultimedia.com – Software development company and product ecosystem for Trevor Lawrence Jr.'s apps, web platforms, AI tools, and creator-focused digital products.
- trevorlawrencejr.com – Media personality, show, press, publication, and brand partnership ecosystem connecting Trevor's music, media, technology, and creator-commerce work.

Published Apps & Web Platforms

- Snare Lab – AI drum tuning and matching platform for drum identification, tuning guidance, head recommendations, and sample-mixing workflows.
- VET – Verification and evaluation tool using multi-model AI analysis to assess claims, posts, images, source trust, and accuracy.
- BĀR\$ – Hip-hop lyric decoder designed to explain slang, cultural references, historical context, wordplay, and lyrical meaning.
- Drum ID – Drum identification tool for recognizing drum brands, models, eras, estimated market value, and notable players.
- D-Shot – Cinematic prompt studio for analyzing video or YouTube URLs and generating shot, lens, lighting, and camera-movement breakdowns.
- WriteTone – AI voice and style rewriting tool designed to preserve a user's natural tone and communication fingerprint.
- Prompt-ducer – AI prompt-generation tool for musicians, creatives, and digital product builders.
- MAIAI – Curated AI tool database and native prompt workbench for discovering, comparing, and commanding AI tools.
- GateFit – Airport layover fitness and route-optimization tool for gate-to-gate workouts and travel movement planning.
- KORNERs – Smart errand route optimizer with AI-assisted routing, CarPlay support, voice stop entry, live traffic, and fuel-cost tracking.
- DidYou? – Failsafe reminder app with locked, silenced, and do-not-disturb alert functionality.

- RunCheck Console – Developer operations and app-health command center for monitoring APIs, endpoints, and app infrastructure.
- SLANGR – Music gear resale assistant that identifies gear and generates listing copy for resale platforms.
- GLANCR Feed – Multi-platform feed dashboard for monitoring customizable live feeds, captions, and platform activity.
- Between – Conversation analysis and safety-score app for interpreting relationship or communication dynamics.
- ChatRate / chatrate-app.com – Creator consultation billing platform for setting per-minute or flat-rate pricing, sharing a booking/payment link, and collecting directly through Stripe.
- Redline / redlineapp.co – Creator contract web platform for generating brand deal agreements, UGC agreements, NDAs, and related creator-business contracts.

MUSIC DESIGNS/INVENTIONS

The Clapstack® – Istanbul Agop Clap Stack is one of the most impactful new instruments in drumming. A uniquely shaped and tempered trio of cymbals designed to create a tactile, acoustic reproduction of analog 8-bit handclap samples that have been an integral part of music for generations. Decay can be adjusted by loosening or tightening your cymbal felts and wing nuts. Designed with Agop artist, Trevor Lawrence, Jr.

MEDIA PLATFORMS / PODCASTS

The TrevBeats Show — Hosted by Grammy-winning drummer, producer, composer, and creative technologist Trevor Lawrence Jr., The TrevBeats Show delivers premium long-form conversations, music-business insight, production knowledge, gear conversations, cultural commentary, and creator-technology perspective for musicians, producers, engineers, developers, and creative professionals.
